

Camp Lau-Ren

A CAMP OF THE UNITED CHURCH OF CANADA

April 1, 2020

Camp Lau-Ren's Board of Directors and Executive Directors continue to carefully monitor the COVID-19 situation.

In preparation for our summer camping season, we want you to feel confident that you can safely register your camper for one of our camps. We have reviewed our policies and procedures and updated our Infectious Disease protocols. We will be installing hand sanitization stations at the entrances to all our cabins and program buildings. We are revising our check-in procedures to include several screening steps, before the camper comes to camp and another on arrival. We will ensure that our cleaning practices meet or exceed standards set by the Renfrew County and District Health Unit for the well-being of our campers and staff.

We are working closely with the Ontario Camps Association to make informed decisions about our camping season. We have carefully considered what would happen if the camp cannot open this summer. We are praying that this will not happen, but if the camp cannot open because of COVID-19, full refunds will be given to all registered campers.

A question on some people's mind – "What happens if the camp is open and a parent/guardian cannot send their camper to camp because a member of the family or a close contact has developed or been exposed to COVID-19 and the family is in isolation?" In this case, the camper will not be allowed to attend camp and will receive a refund, minus an administration fee.

We will continue to provide updates as they become available. You can find trustworthy information about COVID-19 at the Renfrew County and District Health Unit's website at www.rcdhu.com or from your own public health unit.

Yours in Christian camping,

Camp Lau-Ren Board of Directors
